

## Announcement: New South Central Region Website Launched

We are pleased to announce a new version of the region's website was launched on Friday, August 18, 2023.

This new version contains all the content you're accustomed to, including region staff contact info, affiliated patrols, calendar of events, announcements, articles, documents, recent Sweep newsletters, and information on becoming a patroller in the South Central Region.

Also with this version are two new additions. The first is a search and filter feature for articles, newsletters, and documents that are found in the Resources section. With our growing library of materials, this is a helpful new capability. The second is an event registration and payment feature. The days are gone when paper forms are filled out, checks are mailed, and manual rosters of attendees are maintained. This is a capability we've been wanting to add for some time and are pleased to now deliver.

In addition, this new version will also be more easily maintained, which will greatly improve our ability to add new content and keep everything up to date.

We continue to search for a new regional Web Advisor. The person in this role will be responsible for maintaining content within the new site, overseeing the hosting relationship, and coordinating functionality additions as needed. Familiarity with WordPress websites and the Divi Page Builder is a plus, but there is also plenty of opportunity for training as well. If you, or someone you know, might be interested in this role, please contact Mark Anderson at [scr.comm.team@gmail.org](mailto:scr.comm.team@gmail.org).
